

# Safe Operations at International Events

Safe Operations at International Events is a one day course aimed at operatives working in the construction phases on the event floor such as carpet fitters, riggers, stand fitters, fork lift drivers, electricians and AV operatives. At the end of the day they should be aware of their own responsibilities and be able to spot and report hazards common to event work. It can be run as a standalone course or simply as day one of the Safe Management course. In this way clients can train large numbers of operatives and managers together with selected managers progressing to the second day to complete their training.

## Costs

Normally the course would be run concurrently within the Safe Management Course and would be included in the costs of the Management Course. A separate quotation can be provided for standalone courses or combination courses to be run for different numbers of delegates.

The costs are based on the client providing the training facilities including printing the g-Guide locally and excludes all travel and accommodation costs for the trainer which will be charged at cost.

## The g-Guide and Certification

The course content is based on the g-Guide which is endorsed and supported by a number of leading organisers, venues and contractors and is the only recognised document which sets out global standards for health and safety. The course modules are as follows:

- **Module 1** - Why Health and Safety is Important
- **Module 2** - Health and Safety Law
- **Module 3** - Personal Safety Overview
- **Module 4** - Event Floor Safety Management
  - Electrical
  - Food Safety
  - Fire
  - Manual Handling
  - Rigging
  - Vehicle Safety
  - Waste
  - Work at Height

Successful delegates will receive an IOSH photo ID CertifiCard.

## The Course Director

**Simon Garrett MA CFIOSH FIIRSM Dip2.OSH**  
**Managing Director X-Venture Global Risk Solutions**

Simon is an experienced safety professional working in the events industry with some of the biggest names in the industry in his client list including UBM, Reed Exhibitions, ITE, Clarion Events, and dmg events to name a few. Simon has worked extensively in Europe, China, India, Africa and the Middle East. For over 10 years Simon has trained thousands of event managers, supervisors and operatives on IOSH courses.
